The schedule for the 2017 Wilmington International Exhibition of Photography was modified in an attempt to avoid the threat of snowstorms, following the January blizzard of 2016. We shifted all the WIEP events forward a month, with the judging this year conducted at the end of February. So instead of snow, we dealt with a record heat wave, enjoying temperatures in the mid-70’s, resulting in flowering trees and spring flowers in bloom.

WIEP continues to be one of the few exhibitions that still accepts large prints. This year we received over 1500 prints and over 1700 projected images. Since we are no longer returning prints, we again asked entrants to donate their prints to help support the matting, framing and exhibiting of photos for our April Exhibition at the University of Delaware in Wilmington. We were both pleased and grateful that many of our entrants selected the donation option during entry to help support our efforts. The sale of WIEP prints will not only enable us to continue our fine Exhibition, which attracts several thousand visitors each year, but it also enables the visiting public to purchase and enjoy some outstanding art in their homes.

The entire WIEP team is grateful to our distinguished judges, who traveled from Hong Kong, France and all over the United States to be with us to judge over 3200 images in a single day. They endured a long, warm day in selecting the accepted and medal winning images for our 84th Exhibition.

I would also like to thank the PSA Mid-Atlantic Chapter, the Delaware Valley Council of Camera Clubs (DVCCC) and the South Jersey Camera Club (SJCC) for the donation of medals. Thanks also to the commercial sponsors, our patrons and the Delaware Division of the Arts for supporting the Exhibition financially, and to Pettinaro Residential for their generous donation of the processing facilities.

AMY LAI MAN PANG, AWIEP, MEDICAL DOCTOR, HONG KONG. Amy produces a wide variety of photography including travel, environmental portrait, nature, wildlife and still life. Her area of interest is mainly in artistic photography. Amy is the founder and chairperson of the Hong Kong Medical Association Photographic Society. She is an active officer, consultant and member of many photographic organizations in Hong Kong, Macao and Mainland China. Amy has published photo albums and held solo photo exhibitions in Asia. Her photographs are owned by museums and private collectors around the world. Amy’s study of painting and calligraphy has enabled her passion to show the Lotus plant realistically, graphically and creatively. She was invited by the Macao SAR Government and the Photographic Society of Macao to hold a solo exhibition on that topic at the 2015 Lotus Festival. In 2016, Amy was the photographic artist invited to represent Hong Kong in the exhibition held by the Guangdong Women’s Photographic Association. She writes about photography regularly for newspapers and journals and has given presentations at both international and local conferences. She has adjudicated many international and local competitions. Amy has also been recognized twice in the Who’s Who Top Ten by PSA. You may see her photographs at www.amypang.net.

PRIIT VESILIND, NATIONAL GEOGRAPHIC EDITOR/WRITER, MANASSAS, VA. Priit came to the U.S. as a refugee from Estonia in 1949. He got his BA in English from Colgate University and an MA in Photography from Syracuse University’s Newhouse School in 1975. He was a Communications Officer in the U.S. Navy, serving in the Pacific. He worked as a writer/photographer for the Atlanta Journal and the Providence Journal before joining National Geographic magazine in 1973. Priit worked in the field as a Senior Writer, specializing in underwater exploration and Eastern Europe. He became Senior Asst. Editor for Expeditions and Adventure stories in 1991. Priit has produced and published eight non-fiction books and was the principal writer for National Geographic’s Complete Photography guide in 2010. He was decorated by the Estonian government for his work in the liberation of Estonia. Since his retirement in 2002, Priit has been shooting for National Geographic Creative, the society’s photo agency.

JOHN WELLER, FREELANCE PHOTOGRAPHER, FILMMAKER, BOULDER, CO. John is a writer, photographer and filmmaker supporting marine conservation around the world. In 2004, he and Antarctica ecologist David Ainley started the Last Ocean Project, dedicated to promoting conservation of Antarctica’s Ross Sea, the last intact large marine ecosystem in existence. After four trips to Antarctica, including three months of diving to photograph under the ice of the Ross Sea, he compiled a library of photographs that has become the face of Antarctica conservation efforts worldwide. His incredible story of photographing in this brutal and beautiful environment is awe-inspiring. John’s images have been displayed in galleries and have been published thousands of times and in dozens of countries. Many appear in his latest book, The Last Ocean. After more than a decade of work on the issue in collaboration with NGO’s, national delegations from many nations and scientists from around the globe, a Ross Sea marine protected area became a reality in October. For this effort, John was the 2016 recipient of the PSA International Understanding Through Photography Award. He is also a Pew Fellow in Marine Conservation and a Safina Center Fellow.

TOM TAUBER, EPSA, FWIEP, RETIRED AEROSPACE EXECUTIVE, LANSDOWNE, PA. Tom is a native of Vienna, Austria, where he earned undergraduate degrees in mechanical engineering and physics. That work earned him eight US patents and the presidency of the company. After his retirement, he took up digital photography and became a member of Delaware Photographic Society and PSA. He enjoys traveling with his cameras and his extensive participation in international exhibitions has led to multiple star ratings in Photo Travel, Photожournalism, Color Projected Images and Large and Small Color Prints. PHOTOJOURNALISM

WALT CENTENO, PPSA, RETIRED, MOUNT JULIET, TN While working with overseas investments as a banker in Chicago years ago, Walter and his wife Pat enjoyed traveling. To enhance their enjoyment, they wanted to improve their camera skills, which led Walter to study photography at Wright Community College where he signed them both up as members of the Wright College Camera Club. They also completed correspondence courses together at New York Institute of Photography. Walt’s interest in action sports led him to serve as PJ Chairman of Green Briar Camera Club. Subsequently, he became involved in the Chicago Area Council of Camera Clubs (CACCA) where he chaired the PJ Division, served terms as Treasurer and Vice President and won their Stinson Award for Distinguished Service in 2003. He and Pat judged CACCA club competitions throughout the Chicago area and for several years he also helped out and judged in Wisconsin. Now retired and living in Tennessee, he is a founding member of Wilson County Photography Guild and actively participates in international PSA PJ competitions. Walt and Pat also compete locally in state and county fairs where he has won ribbons. Current Vice Chairman of the Photojournalism Division of PSA, he will become Chairman in September.

KAREN LEONARD, RETIRED JOURNALIST, INVER GROVE HEIGHTS, MN Karen has a degree in news/editorial journalism from the University of Kansas and most of her photographic interests are in photojournalism, especially sports. She enjoys the challenge of focusing on a moving subject and calculating when two objects will collide, whether a ball and bat, a runner and tackle or a ball and basket. Living in St. Paul, she had access to activities at colleges with NCAA Division 3 teams in all sports, a Division 2 university and the University of Minnesota as well as amateur baseball teams. Because there were not many photographers on the sidelines then, she bought a good camera with a 200mm f2.8 lens and began photographing various sports. When digital became affordable, Karen bought a 6 megapixel camera with a 200 mm fast lens and a wide angle. With the faster shutter, timing issues became fewer and it paid for itself with film developing becoming unnecessary. She joined the St. Paul Camera Club in 1991 and PSA in 1998. In 2013, she accepted her current position as Photojournalism Star Ratings Director, processing applications for PSA awards. Although she doesn’t often exhibit, she has succeeded in a field dominated by men and sports remain her favorite photographic topic.

RON SOLIMAN, PHOTOJOURNALIST, BEAR, DE. Ron is a former Director of Photography at The Wilmington News Journal and has over 18 years of newspaper experience, earning awards from the National Press Photographers Association and other respected organizations. Born in Angeles City, Philippines, the youngest of nine children, he got a small 110 mm film camera from his father and captured pictures of the first woman president of the Philippines during a school event. Ron considers those his first photojournalistic images, starting his dream to be a documentary photographer. Upon his family’s immigration to the US, he attended California State University - Fullerton where he earned a degree in Communications focusing on Photojournalism. After graduation, he was hired by the Los Angeles Times and then by Gannett, one of the biggest media companies in the country. He has also been published in American Photo, Sports Illustrated and USA Today, among others. Recently, he switched gears to become a full time wedding photojournalist and destination wedding photographer, traveling the world to photograph weddings everywhere from Africa to Paris to Rome. He has been ranked one of the Top 15 Wedding Photojournalists in the World by Wedding Photojournalism Association and his work has published in national wedding magazines. Recently he also received awards of excellence from Wedding and Portrait Photographers International Association. Ron’s work can be seen at www.ronsoliman.com.

HONORED MEMBERS OF THE WILMINGTON INTERNATIONAL EXHIBITION OF PHOTOGRAPHY

WIEP Honors are earned through accumulated jury acceptances of prints and projected images compiled annually. Ten acceptances over the current ten year period are required for ASSOCIATE status. Associates achieve SENIOR status with ten additional acceptances, for a total of twenty, without time limitation. Associates who accumulate a total of 50 or more acceptances are named FELLOWS of the exhibition, and those who achieve 100 or more acceptances are awarded SENIOR FELLOWSHIP status. NEW ASSOCIATES are listed only for the year in which they qualify. Entrants with ethics violations do not qualify for WIEP Honors. PSA honors are listed according to the current PSA directory.
